

The ASGCO Dura-Sleeve is the toughest, longest wearing urethane disc idler on the market!

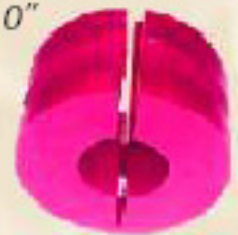

- ASGCO-Thane construction for extra long wear.
- Open mold design allows for fast and easy installation
- Replace your disc without replacing the entire idler
- Heavy duty stainless steel clamps hold sleeves to shaft
- Perfect concentricity promotes better belt tracking
- Long wearing life in abrasive environments

*Large Sleeve
6.5"*

*Small Sleeve
5.0"*

Replace your existing rubber and urethane disc return idlers with our individual sleeves, without replacing the entire idler.

Dura-Sleeve Features:

- Patented abrasion resistant urethane to replace worn out rubber or other urethane disc return idlers.
- 5 times the wear life than rubber disc returns - Guaranteed!
- 5" and 6.5" O.D.'s available
- CEMA C, D, and E sleeves are available
- Option to buy CEMA C idlers made entirely of Dura-Sleeves (18" - 72" wide).
- Open mold design allows for fast and easy installation.
